DataTraveler 100 G3

An affordable transition to USB 3.0.

Kingston's DataTraveler® 100 G3 (DT100G3) USB Flash drive is compliant with USB 3.0 specifications[1] to take advantage of technology in newer notebooks, desktop PCs and digital devices. DT100G3 makes it easier than ever to store and transfer documents, presentations, music, video and more.

DT100G3 features a sleek, cost-effective design to make adding to the USB 3.0 experience a minimal investment. Available in capacities from 16GB–256GB[2], DT100G3 is backward compatible with USB 2.0 and has a five-year warranty.

⟩ Stylish black-on-black, sliding cap design

⟩ Ideal USB 3.0 storage device[1]

⟩ Capacities from 16GB to 256GB[2]

DataTraveler 100 G3:

- Next-generation portable storage now
- Transfer music, video and more – quickly and easily!
- Ideal for everyday use at work, home or school.

CO**LOGO** PROGRAM

1 USB 3.1 Gen 1 performance requires a host device with a USB 3.0 or 3.1 port.
2 Some of the listed capacity on a Flash storage device is used for formatting and other functions and is thus not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Guide at kingston.com/flashguide.
3 Speed may vary due to host and device configuration.
4 Requires a host device with a USB 3.0 port.
